

SCT Management Services Overview – How Does This Work?

This is a Smoking Cessation Program that provides specific, court-approved smoking cessation services **FREE** to you. These services are provided and arranged by SCT Management Services (SCTMS) as the administrator for Smoking Cessation Trust. The Program is not an insurance plan, so there are no cost-sharing amounts, dues or fees required to access the services such as copayments, deductibles or coinsurance, as long as you see one of our contracted provider.
